# WEB MANIA

@ Infotsav '10

## About Web Mania

Web mania is a web designing organized under the aegis of Infotsav 2010. It invites students from various educational institutions to present their skills of web designing. It is a perfect platform to test the student's creativity in the field of web designing.

With increase in the usage of computer over the last few years web has become one of the prime place for putting up information. Nearly all industries today are in urge of putting up the information about their products on the web and use the web space as a means of promoting their products. As we browse through the web we do not prefer reading everything on a site and sometimes we even overlook the site because it does not have enough appeal. We at web mania grant you a chance to use your imagination to built sites that are attractive as well as informative so that it can gain attention at first site.

## Event Structure:

The event will be conducted in two phases:

### Phase 1:

In phase 1 of the event, the participants are required to mail a web-site prepared by them. In this phase, the participants can submit the website from the given topics only. Even HTML 5 made websites are highly encouraged.

**Note-All websites will be judged on the same criteria.**

### Phase 2:
